

SolarInvert Energy Solutions

Yerevan Photovoltaic Energy Storage Charging Station

Overview

How long does a solar charger take to charge a EV?

The new Solara Fast Charger has been installed at Dalma Garden Mall. It is constructed to charge simultaneously three EVs with a duration starting from 25 minutes up to 1 hour. Solar panels and water heaters installation in Armenia. Find our charging stations in Yerevan for your Electric cars.

Is Solara a green economy in Armenia?

THIS IS NOT FUTURE. THIS IS NOW! Solar photovoltaic installation company SOLARA has adopted a strategy to carry out activities in the field of the green economy in Armenia and promote its development. Why Choose Solara?

There is a great potential for solar energy in Armenia.

Why is solar energy important in Armenia?

There is a great potential for solar energy in Armenia. Its effective use is beneficial both economically and in other spheres of social life and everyday life. SOLARA company offers modern solar solutions, that provide exceptional efficiency, save a lot of money. Every project with us is successful.
