

SolarInvert Energy Solutions

Zambia smart photovoltaic panel manufacturer

Overview

Why should you invest in a photovoltaic system in Zambia?

Zambia provides optimal conditions for photovoltaic (PV) with average irradiation rates of 5.5 kWh/m². To harvest that huge source of energy we provide a wide range of photovoltaic solutions for the residential, business and social sector. In general, PV systems can be divided into on-grid and off-grid systems.

Why should you choose a solar pump system in Zambia?

Zambia has one of the biggest water resources in Sub-Saharan Africa and our solar pump systems will enable you to access those resources at any place. Either for residential use, irrigation of farm land or industrial applications, solar pumps will ensure an independent water supply at your location.

Is SmartEnergy a vendor with FNB Zambia?

SmartEnergy is thrilled to announce that we are now a vendor with FNB Zambia, offering renewable energy systems through FNB's Alternative Energy Financing plan. We are happy to have been. SmartEnergy Technologies Limited has successfully installed a 20.7kWp solar power system for Radio Maria in Livingstone!.

Who is Sunray Power Company Limited?

Thank you so so much. Sunray Power Company Limited, a Zambian-owned firm, offers integrated solar solutions, enhancing socio-economic development by providing accessible, reliable, and clean electricity across Zambia and neighboring regions. Subscribe now to stay updated on our promotions, give aways and trainings.

Why do you need a split unit system in Zambia?

Split-unit systems are ideal solutions for the tourism and social sector as well as bigger apartment buildings. Load shedding is a constant problem in Zambia

which can cause devastating revenue losses. Our backup systems will help you to be prepared in case of power outages.

Why do you need a backup system in Zambia?

Load shedding is a constant problem in Zambia which can cause devastating revenue losses. Our backup systems will help you to be prepared in case of power outages. We design solutions that will secure your electronic devices like computers, laboratory equipment or even the complete electricity supply of shopping malls.
