Can I enter the base station power room

Overview

How do you access the ground floor of the power station?

To get to the ground floor of the Power Station, start off at the ground floor. Inside, you may want to look around for some tools to collect but to get this Station powered, we start off at the ground floor.

How do you get inside a power station?

To get inside the Saint Paul Electrical Station, climb the metal frames on the side of the station and jump onto the roof. From there, you can enter through the broken windows. Once inside, you may want to look around for tools, but to power the station, start on the ground floor.
