

## SolarInvert Energy Solutions

# Freetown 70kw off-grid inverter

## Overview

---

Can a 70kW Solar System be used off-grid?

Off-grid configuration of a 70kw solar system with batteries generally is used when the connection to power lines is not available. You rely solely on solar power during the day and on batteries at night. It is a rarity: large battery banks are expensive and net metering is not an option in this case.

What is a 70 kW solar system?

A 70 kW solar system provides you with a steady supply of energy and significantly lowers or straight up nullifies your bills for electricity. At A1SolarStore you can get a complete solar kit where the components already fit together nicely.

What is a hybrid 70 kWh solar system?

It's called net metering. Hybrid 70 kwh solar system includes a hybrid inverter and energy storage. It's a good option if power outages are frequent in your area. When a blackout happens, a hybrid inverter switches your house to battery support.

Does Deye full series inverter support remote shutdown?

Thanks to the smart monitoring platform, Deye full series inverter products support remotely shutdown immediately when accident occurs. Setting parameters and FW update remotely, which makes PV plant O&M easier. Max. Charging Current (A) Max. Discharging Current (A) Max. PV Access Power (W) Max. PV Input Power (W) Max. PV Input Voltage (V)
