Mobile power box 50kw

Overview

What is a DC wallbox 50kW?

At just 25cm thick, Delta's DC Wallbox 50kW is an ultra-slim and efficient fast charger ideal for space- and grid-constrained urban environments and commercial fleets. Its compact and lightweight design allows flexible wall or pedestal mounting, bridging the gap to everyday destination charging.

What are the advantages of a 50kw EV charging system?

With only 25 cm thickness, it's still powerful and boasts 97% efficiency. DC power for your commercial site. For commercial areas as well as parking lots with 40 % less space. Innovative design, forefront EV charging technology and a 50kW DC power output. It can be either wall- or floor-mounted. Dual rapid charging.

What is a 50kw EV charger?

It's the perfect charging solution that makes a balance between grid power demand and charging speed. Being possible to output voltage of 1000V, this 50kW EV charger can charge any vehicle on the market - low-voltage architectures, high-voltage architectures, and even buses and trucks, representing the future of EV charging technology.

What is heliox mobile 50 kW charger?

Heliox's most adaptative and compact solution. The Heliox Mobile 50 kW charger is a versatile, user-friendly solution suitable for a wide range of vehicles, including cars, buses, and trucks. It offers seamless plug-and-play functionality, making it an ideal choice for various charging needs, regardless of location or time.

Does the DC wallbox 50kW support OCPP 1.6?

The DC Wallbox 50kW supports OCPP 1.6 for seamless integration with backend systems, enabling remote monitoring, payment , and user

authentication. With Delta's vertically integrated design and manufacturing, it ensures reliability, high uptime for consistent performance. If playback doesn't begin shortly, try restarting your device.

How many EVS can a DC wallbox charge?

Delivering up to 50kW at 97% efficiency, it supports simultaneous charging of two EVs and features a convenient 7-meter cable, ensuring easy access to charging ports on most vehicles. The DC Wallbox 50kW supports OCPP 1.6 for seamless integration with backend systems, enabling remote monitoring, payment , and user authentication.
