Tool Battery Export

Overview

How many lithium battery power tools are there in the world?

The proportion of cordless power tools has reached 65% in 2021, and the proportion of lithium battery power tools in cordless power tools has further increased, reaching 93.5% in 2021. As a result, the number of lithium power tool batteries in the world will reach 2.55 billion in 2021, a year-on-year increase of 26.2%.

Who makes the best battery for power tools in 2021?

In addition to the top seven major power tool battery manufacturers, China's BAK Battery, Lishen Battery, Penghui Energy, and Far East Co., Ltd. will all have good performance in the field of high-rate batteries such as power tools in 2021, and many The company has begun to supply global power tool leaders such as TTI and Bosch in batches.

What is the competition pattern of power tool batteries in 2021?

From the perspective of the competition pattern of power tool batteries, in 2021, the global power tool batteries are still dominated by cylindrical batteries, and the proportions of 18650-2.5Ah and 21700-3.0Ah and 4.0Ah are gradually increasing, while 1.5Ah and 2.0Ah proportion is gradually decreasing.

What documentation do I need to ship a lithium battery?

All the necessary documentation, such as a lithium battery shipping declaration or a Material Safety Data Sheet (MSDS) must also be included. If the lithium battery is installed in the equipment it powers: Ensure the device is completely turned off and cannot be accidentally activated during transit.

Who is the best lithium-ion battery recycling partner?

LG Electronics is the world's leading manufacturer of mobile phones, flat-screen TVs, air conditioners, front-loading washing machines, optical storage

products, DVD playback products and home theater systems. LG Chem and LG Energy Solution recently recognized Li-Cycle as the preferred lithium-ion battery recycling partner in North America.
